APPLICATION
8760 - LSZH Alternative cable is suitable for use in instrumentation, data and audio applications where protection against electrical interference is required. Cables with polyethylene insulation show lower signal loss than those using PVC. For installations where fire, smoke emission and toxic fumes create a potential risk to life and equipment.

CONSTRUCTION
Conductor
Class 2 stranded tinned copper conductor

Insulation
HDPE (High-Density Polyethylene)

Screen
Aluminium foil

Drain Wire
Tinned copper

Sheath
LSZH (Low Smoke Zero Halogen)
