

British Safety Council can confirm that a remote based review together with on-site sampling of

Eland Cables

policies, procedures and arrangements relating to control of COVID-19 within the workplace was carried out on 10 June followed by a site specific assessment of the Eland Road Doncaster site 12-14 October 2020

The protocols and associated control arrangements were considered to be in accordance with current UK government and sector specific guidelines at the time of the review and arrangements for continual monitoring of their effectiveness were in place.

Observations for improvements/enhancements were offered for consideration during this process.
